It would be very helpful if your child could bring the following supplies when he/she comes for their screening appointment in September (you will be notified by mail of the date and time.) Please put all supplies in a bag with your child's name on it. If for some reason you are unable to attend your child's screening then please send them to school with your child on the first day.

Many of these items will be used as community supplies, so there is no need to label them.

This list will give us a great start to the school year, but as the year progresses many fun learning activities will be planned that may require special supplies. We/Our Room Parent will request those items as the need presents itself.

Thank you, we look forward to meeting you and your child!

Very Sincerely,
The Kindergarten Team
