

THE VISION FOR HOW WE USE

TECHNOLOGY

IN LSSD

**IN LAKE STEVENS SCHOOL DISTRICT WE STRIVE
FOR THE FOLLOWING IDEALS REGARDING
TECHNOLOGY USE IN OUR SCHOOLS**

STUDENTS WILL LEARN TECHNICAL SKILLS THAT WILL PREPARE THEM FOR SUCCESS IN BOTH COLLEGE AND CAREERS.

TECHNOLOGY WILL ENHANCE EFFECTIVE INSTRUCTION, NOT REPLACE IT.

STUDENTS WILL LEARN TO BE SAFE, RESPONSIBLE, AND ETHICAL USERS OF TECHNOLOGY.

OUR TEACHERS AND STUDENTS WILL BECOME INNOVATIVE IN THEIR USE OF TECHNOLOGY.

STUDENTS WILL USE TECHNOLOGY TO CREATE, NOT MERELY CONSUME.

STUDENTS WILL DEVELOP PROBLEM SOLVING SKILLS AS THEY RESEARCH, ANALYZE, AND BECOME CRITICAL CONSUMERS OF INFORMATION.

STUDENTS WILL COLLABORATE LOCALLY AND GLOBALLY TO CONNECT AND COMMUNICATE WITH A WIDER AUDIENCE.
