

How to Access Seesaw, Morning Meetings, and Live Instructional Blocks

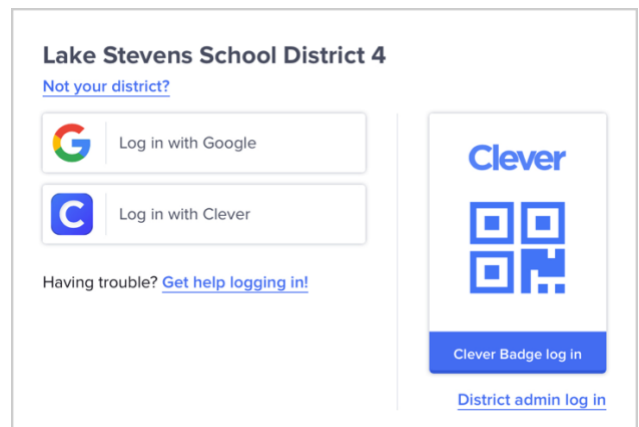

Daily Morning Meetings and daily assignments in Seesaw

Each morning, students will have a live "Morning Meeting" with their entire class.

- Kindergarten, second and fourth graders: 8:30 Morning Meeting
- First, third, and fifth graders: 9:00 Morning Meeting

Here's how to access the Morning Meeting:

- Students log on to their Chromebook ([Here's a link if you need a reminder](#)). Remember to write down your child's password, or have them write it down, in a safe place if they don't know it by heart.
- Once the student is logged on, they will see the Clever Landing page. Click "Log in with Google." This will ensure your student does not have to remember passwords for any other account associated with their learning.
- **Scroll down until you find Seesaw.** (Note: this process is how you will access your child's Morning Meeting and all the learning activities each day).
- Once Seesaw is open, navigate to the Inbox and click on the Google Meet icon.

- After the daily Morning Meeting, students will have "live sessions" during their assigned instructional blocks
 - K, 2, 4 at 9:30-10:15 and 10:30-11:15
 - 1, 3, 5 at 9:45-10:30 and 10:45-11:30
- During the Student Flexible Work time (12:30-1:45 for all grades), students can work on "on demand" educational activities within Seesaw, and should also have opportunities to play, socialize, and engage outdoors.
