

Hillcrest Elementary Arrival & Dismissal Route Change

Beginning THIS Thursday, September 16th

In the interest of student safety, we will be moving our Arrival & Dismissal route to **7th St SE & 93rd Dr SE**.

Thanks to watchful eyes and concerns for the safety of all Hillcrest and Lake Stevens Middle School students walking to/from school, we will be adjusting the arrival process for all families driving to the school for drop-off and pick-up. We fully understand that this will be a big change for so many of us. By working together and being patient through the change, we can make this a very workable solution.

Process:

- From 91st Ave SE, turn onto 7th St SE
- Follow 7th St SE to the end, turning left onto 93rd Ave SE
- As you approach 4th St SE, please stay as far to the right shoulder as possible, **keeping all driveways** clear and accessible.
- As 4th St becomes open, vehicles will turn left in front of the school, watching the traffic attendant for directions, being sure not to block the bus loop.
- As the car loop lane opens up, vehicles will make a right turn and proceed with student drop-off along the curb in front of the building, waiting for an attendant to open the door.

Thank you for your understanding and support in making this a safe and successful transition
