

10/29/17

Hello Otters!

Welcome Fall! It has been a busy month with a students and teachers engaged in enriching learning activities. November has us Falling Back and Giving Thanks. *Remember to adjust your clocks on November 5th.*

The weather outlook, according to experts, looks to be wet and cold. We know that means a possibility of snow. Please make yourselves familiar with the weather bulletin that was placed in boxes this month. *(Also available on the HomeLink website).* When HomeLink students miss classes, it is still necessary to have two way communication. Please contact your teacher through email and inquire how you can be prepared for the next class meeting. **Remember that contact must be between the student and teacher with regard to classwork and activities.**

Example: *Dear Mrs. Smitkin, I was sick on Monday and missed Adventurers. I have complete my homework on tree bark and will bring it to you when I come back to school. What is my homework for this week?*

Thank you,

"Little Billy"

Please check your calendars and note that we have no school on November 10th and early release for Wednesday, November 22nd, along with no school on the 23rd and 24th.

Remember to check your Skyward Family Access each month for progress reports. Your student must demonstrate satisfactory progress by passing all classes at 60% or higher/level 2 for elementary. For students in grades 6-12, an unsatisfactory progress report results in requiring a parent on campus for the following month. Please see your handbook for questions and how to access Skyward.

Be listening for a phone call from PAC about the "Great Trait" for November. Thanks to your Parent Advisory Committee for all of their hard work and dedication.

Please remember to sign in and out of HomeLink in P1 each day.

Thank you for your efforts in wearing your HomeLink badges! If you missed the opportunities to have your picture taken for your badge, please see Jen in P1 and she will set you up.

We appreciate your volunteer efforts at HomeLink and want to thank those of you who are stacking chairs and cleaning tables in P2. Your help makes HomeLink a better and safer environment. Check with a PAC member for volunteer opportunities.

Thanks for doing your part in making HomeLink "otterly" wonderful!

Jina Vinnick
