

## 2020-2021 LSHS New Student Information

[Click Here](#) for an LSSD enrollment packet.

There are several ways you can return completed registration packets:

- You may fax it to 425-335-1601
- You may email it to our registrar, [eyren\\_braaten@lkstevens.wednet.edu](mailto:eyren_braaten@lkstevens.wednet.edu)
- You may drop it off at LSHS, in vestibule of main entrance (Monday-Friday from 9am-12pm, starting Wednesday Aug. 19)

The registration packet MUST be approved as complete, including records from your previous high school, BEFORE you connect with your student's counselor for a schedule. Our registrar and counselors will be back in the office Friday, August 21 to begin processing registration packets. If you have dropped off/sent in a complete registration packet before that time, it has been routed to our registrar for review. Please know you will hear back from one of two people confirming your registration is complete or identifying what more is needed if it's incomplete; either the counselor who will share your schedule or the registrar.

While you are waiting for enrollment approval, please review our [Course Guide](#) for the 2020-2021 school year, which includes the courses available at LSHS, graduation requirements and other valuable information.

Please read the checklist of necessary documentation carefully, because students cannot be enrolled until ALL paperwork has been received. This includes the records from the student's former school - especially their birth certificate, proof of residency (PUD bill), transcript, immunization, discipline and any Special Education or 504 records. We must receive all records/documents before a student schedule can be made.

**When your registration packet has been approved for enrollment you will be notified by school personnel with scheduling information.**
