

Lake Stevens School District Athletic Code  
Revised: 6/2019

**I. PHILOSOPHY**

**A. Purpose**

The purpose of the Lake Stevens School District Athletic Program is to help develop young student athletes, both physically and mentally. A student who makes the choice to become an athlete does so knowing that extra effort, time and sacrifice is required for success. With this choice comes the privilege of participating in a well-organized program, which is of special interest to the student, and for which the school provides coaches, equipment, facilities, and transportation.

**B. Expectations**

I (The Athlete) understand that participation in the athletic program of Lake Stevens School District is a privilege. Because students involved in athletics perform and represent their schools in public, they are expected to conduct themselves at all times in a manner that will reflect the high standards and ideals of their sport, team, school, and community. I (The Athlete) will be held accountable academically and behaviorally throughout the entire calendar year. I (The Athlete) understand that this athletic code covers standards of behavior for both in and out-of-season and shall remain in effect the entire calendar year and from the start of one season until the start of the same season the following year. Students may be allowed to participate if academic progress is being made and all other requirements are met. All decisions will be made by the Athletic Director.

#### IV. STUDENT ATHLETE SANCTIONS

The Athletic Program at LSSD is an extracurricular program that is a privilege for student-athletes to be a part of and therefore has disciplinary codes that exceed those of the general student body. These Codes of Conduct are an important part of our philosophy and require that those involved in the Athletic Program to be held to a higher standard of conduct. Violations of this Code of Conduct will result in disciplinary actions separate from those imposed by the school, courts or other disciplinary boards. All students participating in W.I.A.A. activities are able to be part of our voluntary random drug testing (Grades 9th-12th only). The policy can be found on the Lake Stevens School District website. The following guidelines are examples of student athlete sanctions.
