

Volunteer Opportunities

Weekly & Long-Term Support

Literacy Tutoring

Work one-on-one or with small groups of students, providing them with individualized attention to help them strengthen their reading skills.

Math Tutoring

Work one-on-one or with small groups of students, providing them with individualized attention to help them strengthen their math skills. Improving math performance is a high priority for schools throughout the district.

Classroom Support

Support classroom teachers in a variety of tasks, including small group work with students, materials preparation and field trips.

Lunch Buddies

Serve as a positive adult role model as you eat lunch with your assigned student or students every week.

Coaching

Lead or support afterschool sports programs.

Translations/Interpretations

Help schools communicate with non-English speaking families by translating documents and/or serving as an informal interpreter.

Library Assistance

Support the librarian with read-alouds, organization, and other library tasks.

Office Support

Work outside of the classroom, supporting school staff and teachers with a range of office tasks, including copies, assembling materials for distribution, and preparing for school events.

School and District Advisory Committees

Collaborate with school and district staff, parents and community members to support school and district initiatives.

One-Time & Short-Term Opportunities

Event Support

Sample events include:

- Family Math/Reading/Science/Fitness Nights
- School concerts and plays
- Book Fairs
- Cultural Days

Job Shadowing

Invite high school students to participate in a job shadow at your company, enabling the students to learn about professionalism and career options. The job shadow is one element of the Culminating Project, required of all Lake Stevens students to graduate.

Presentations

Share your knowledge and skills with students during class presentations and assemblies, and help create connections between what students are learning in school and the wider world.

School Beautification

Periodic workdays focusing on indoor and outdoor beautification projects.

Additional Information

Completion of volunteer applications, Washington State Patrol background checks and volunteer trainings are required of all volunteers before beginning their service. Please note that availability of the volunteer options listed here may vary between schools, depending on need and infrastructure. We will work diligently to place all interested volunteers in service. However, placement is not guaranteed.

For more information regarding the volunteer program, please contact
